

# LASER WELDING SOLUTIONS

Benefits at a Glance

Can easily be Automated on CAD-CAM set-up

Right choice for tight tolerances, close fit-ups and thin materials

Small Heat Affected Zone produces less distortion

Very Specific Target, good repeatability and high quality welds

European components selected carefully

# Welding Sample Gallery

Aeronautical • Automotive • Electrical & Electronics • Ship Building • Medical

Seam Welding On Automotive Parts

Fine Welding on Medical Equipments

Welding on Pacemakers

Welding on Dental Screws

Keyhole Welding on Automotive Parts

Welding on Medical Plastics

Continuous seam welding

Laser Spot welding

Deep welding or Keyhole welding
